WOODBURY

The granite business continues very dull on account of men who have had steady employment here leaving town for the shipyards and high wages. Fifty to 75 quarries would be given work to-day. An agent recently sold in town about 50 maps of Vermont, ranging in price from \$1 to \$2.50. Some people bought dollar maps who have refused to help the Red Cross. Word was received from a quarryman saying he had drawn \$84 in two weeks, and his wife says she has received only \$5 from him for herself and children. About two months ago a decision was published placing Jamaica ginger in the lists of intoxicants. The change locally in the results from selling ginger and tonics is very noticeable. The steady flow of the springs feeds the brooks and rivers. A bad spring spreads disease everywhere. Most of us can be of the best service in our own towns cleaning the springs and preventing a whole lot of trouble for the brooks and rivers. Woodbury has several springs that need cleaning.

HARDWICK

The town clerk has issued to date very close to 600 sugar cards.

Mrs. Harry Chase is passing this week in Lisbon, N. H., with Mr. and Mrs. W. C. Emerson, who returned Sunday night by auto. Mrs. Chase will also visit in Littleton, N. H., before her return home.

Charles Wood, who teaches music in the high and graded schools in Springfield, has been unable to secure suitable quarters in that place for his family on account of the scarcity of tenements, and has moved his family here for the present. Mr. Wood has a sister, who lives in town.

WAITS RIVER

Mrs. A. R. Downing was called to Topsham Saturday, her grandson, Frank Downing, Jr., having broken his leg. He was taken to Barre City hospital Sunday for examination and will have an operation later if necessary.

It was with a feeling of sadness that we learned of the death of George H. Richardson at St. Johnsbury hospital on Friday, July 26. He was born in this town and spent his boyhood days in and near this village, going to Peacham to attend school at the age of 16, at which place he has spent the most of his life.

He was the son of Henry C. and Lydia Whitehill Richardson. On Feb. 21, 1906, he was united in marriage to Blossom Ruth Chase, daughter of Mr. and Mrs. A. H. Chase of this place. Mr. Richardson leaves to mourn his loss, besides his wife, one son, B. Delmer Albert, a sister, Mrs. George A. Richardson of Corinth, and two brothers, William C. Richardson of this place and Albert N. of East Corinth. Much sympathy is felt for the sorrowing wife and young son.

Mrs. Bertha Childrick of Milford, Conn., and two children are visiting her parents, Mr. and Mrs. H. A. Chase.

A. E. Sherman of Stowe visited his sister, Mrs. H. R. Downing, Tuesday of last week.

Several from this place attended the funeral of George H. Richardson at Peacham Sunday, July 28.

Private Earl A. Woods and Mrs. Woods spent Sunday with his parents, Mr. and Mrs. L. R. Woods of Bradford. Private Woods left Monday morning for Fort Adams, Newport, R. I., where he is to report for duty after spending a three months' furlough at home. Mrs. Woods accompanied her husband as far as Woodville, N. H., returning home Monday afternoon.

Mrs. I. A. Ranney is visiting her mother, Mrs. Cora Nutt.

Elliot Miller is spending his vacation at home.

Jeremiah Murphy of Bradford is assisting Frank Sanborn in haying.

Mr. and Mrs. Roy Heath of Woodville, N. H., and Mrs. Luella Wright and son of Concord, N. H., were callers at Earl A. Woods' Friday.

Mrs. Robert Hodge and two children were visitors at Mrs. S. E. Dodge's one day last week.

BETHEL

Friends of Candidate Harold W. Haskins, former principal of Whitcomb high school, have heard from him with the statement that he is at an artillery officers' training school in a fine old French city.

Miss Winifred Wilnot is engaged to teach next year in a graded school at Jacksonville, Fla.

Mr. and Mrs. F. O. Roberts, Mr. and Mrs. F. J. Olmstead were in Rutland yesterday to attend the funeral of Will C. Baker, former owner of the Hugh Wilson farm, who boarded the first quarrymen who came to open up the E. B. Ellis quarry about 18 years ago. His last visit to relatives here was two years ago.

A daughter was born yesterday to Mr. and Mrs. Frank Howard.

Miss Nellie Davis has returned home after a year's absence, mostly spent in Boston.

Mr. and Mrs. S. L. Gillett have returned from a visit in Brattleboro.

DOCTORS URGE PEOPLE TO USE MORE IRON AND PHOSPHATES

They Come Out Strong for Phosphated Iron

Leading doctors all over the country are rapidly learning that one of the preparations they can always depend on for all blood and nerve troubles is Phosphated Iron, they have found that it gives results and can be depended upon.

Phosphated Iron has proved a real red blood and nerve builder in the spring season when so many are all run down and dragged out, due to lack of fresh air, exercise, green foods and clogged, poisoned blood. Scientists say Phosphated Iron builds up your body by building up your blood and nerves, and many physicians claim there would be few over-worked men, nervous women, bloodless old people and pale children, were the benefits of Phosphated Iron more widely known, that there is no need of anyone going around tired out, all in, nerves on edge, suffering with poor blood and lack of energy when Phosphated Iron will make you feel like a live one, make you look 100 per cent better, give you restful sleep, brace you up so you can work with ease and enjoy life once again.

Get Phosphated Iron to-day and start in right, you owe it to yourself and friends.

To insure physicians and their patients getting the genuine Phosphated Iron we have put in capsules. Do not take pills or tablets. Insist on capsules. E. A. Brown, the druggist, and leading druggists everywhere.—Adv.

What "Slow" Accounts Mean

"SLOW" ACCOUNTS mean something more than the mere matter of delay in receiving payment of bills.

THEY MEAN DUPLICATION OF EFFORT, the maintenance of records and additional officework that would be unnecessary if such accounts were paid within the reasonable specified time.

BUT MOST OF ALL they mean that labor which might be devoted to necessary tasks essential to the comfort, convenience and efficiency that you derive from your telephone service, is wasted on what should be unnecessary tasks.

AT THIS TIME IT IS DESIRABLE that unnecessary labor be eliminated as much as possible so that the output of necessary labor may be increased.

Subscribers who pay their telephone bills promptly help to conserve labor at a time when the conservation of all labor is a national necessity.

MAY SELL GRAHAM WITHOUT SUBSTITUTES

Exemption on This and Whole Wheat Flour Until Stocks on Hand Are Used Up.

Montpelier, Aug. 7.—In order that there may be no loss through spoiling of the graham and whole wheat flour now held in the hands of dealers in Vermont, State Food Administrator Frank H. Brooks to-day sent out instructions granting an exemption to wholesale and retail dealers so far as the stocks of these commodities they now have on hand are concerned. Up to this time it has been necessary for merchants to sell graham and whole wheat flour on a basis of three pounds of substitutes with every five pounds of the flour. Now, when the merchants conform with certain requirements, they may sell these two flours without substitutes until such time as the present stock is used up. This exemption does not and will not apply to either of these grades of flour which are brought into the state in the future.

There is absolutely no change in the regulation regarding the sale of standard flour, and an equal amount of the legal substitutes must still be sold with each purchase of war flour. Graham and whole wheat flours sometimes spoil in hot weather, and the present temporary exemption covering only the stocks now on hand is simply a conservation measure. Referring to these grades of flour, Mr. Brooks to-day said:

"I hope that the exemption will mean a reduction in the demand for war flour, as consumption of this must be kept at the minimum for a time yet, and I hope that consumers will consider it a patriotic duty to purchase graham and whole wheat flour until the present stock is used up, and that the merchants will make every effort to dispose of their present stocks before they spoil."

The bride is a daughter of the late Dr. Alfred S. Houghton, who resided in this city and New York. For a few years
